- *Why are young people having such difficulty understanding marriage?*
- *Why is an increasing number saying marriage is obsolete?*
- *Why are fewer and fewer young adults marrying?*
- *Why are over 40% of children being born to unmarried mothers?*

This is a crisis that is touching every family. It is never too early to start talking to children about the reality of love, marriage, and family. It is never too late for adults to learn how the lies of the culture may be impairing their own relationships.

Learn positive and practical new ways for talking to family members and friends about the reality of marriage and family. Find out how *Stand with Children* is revitalizing the marriage issue and evangelizing the culture for marriage and family.
